## **Continuation Sheet (PTO-303)**

Continuation of 3. NOTE: Claims 1, 67, 114, and 127 have been amended to include the limitation of "abrasive particles" attached to the outer cover. These limitations change the scope of the claims and their dependent claims. The examiner must now consider the independent and dependent claims in reference to the new limitations and determine if applicant has support for the instantly amended claims. Because the amended claims require further consideration, the amendment will not be entered. Additionally, applicant's arguments are based on amended claims that will not be entered, therefore the arguments are not persuasive.
